granted June 29, 1976.

practitioner, not for a valid medical purpose, and without any other proper
permit, registration, or authority granted by the Controlled Substances Board,
the Drug Enforcement Administration or under any applicable law.

15. Respondent admits that he is dependent upon controlled substances.

6. On or about November 1, 1988 Respondent entered inpatient treatment for chemical dependency at Elmbrook Memorial Hospital, Brookfield, Wisconsin, and was discharged on or about December 1, 1988. Respondent continued in an outpatient AODA therapy and rehabilitation program through McBride Center, Milwaukee Psychiatric Hospital, including urine drug screens, group therapy meetings and AA/NA meetings. Respondent relapsed to drug usage in October and November, 1989, and returned to an outpatient chemical dependency treatment program at McBride Center and then Elmbrook Memorial Hospital. Stats., are violations substantially related to the practice of pharmacy, and constitute unprofessional conduct under sec. 450.10(1)(a)2. and sec. Phar 10.03(1) and (3), Wis. Adm. Code, and subjects respondent to discipline under sec. 450.10(1)(b), Wis. Stats.

4. Respondent practiced or attempted to practice pharmacy while his ability to competently perform the duties of a pharmacist were impaired by drug or alcohol abuse in violation of Wis. Adm. Code sec. 10.03(7) and Wis. Stats. sec. 450.10(1)(a)3. and is therefore subject to discipline under Wis. Stats. sec. 450.10(1)(b).

ORDER

NOW, THEREFORE, IT IS HEREBY ORDERED:

That the Stipulation of the parties, attached hereto, is accepted.

IT IS FURTHER ORDERED that effective on the date of this Order, the pharmacist license of Harry N. Knutowski, Respondent, shall be SUSPENDED for a period of not less than five (5) years. The Board in its discretion may restore Respondent's license to full, unlimited status only upon petition by Respondent after completion of the aforesaid suspension period, and a showing by Respondent that he has complied with all terms and conditions of this Order, and a demonstration by Respondent that he may practice pharmacy without condition or limitation.

1. The suspension shall be stayed for a period of three months, conditioned upon compliance with the conditions and limitations outlined in paragraph 2., below.

a. The Respondent may apply for consecutive three (3) month extensions of the stay of suspension, which shall be granted upon acceptable demonstration of compliance with the conditions and limitations imposed on the Respondent for rehabilitation and practice during the prior three (3) month period.

b. The Board may without hearing deny an application for extension of the stay, or commence other appropriate action, upon receipt of information that Respondent has violated any of the terms or conditions of this Order. If the Board denies the petition by the Respondent for an extension, the Board shall afford an opportunity for hearing in accordance with the procedures set forth in Wis. Adm. Code Ch. RL 1 upon timely receipt of a request for hearing.

c. The applications for extension under 1.a. and all required reports under 2.a-c. shall be due on the following dates:

February 1, 1991 and each and every May 1, August 1, November 1, and February 1 thereafter that this Order is in effect.

2. CONDITIONS OF STAY AND LIMITATIONS.

a. Respondent shall remain free of alcohol, prescription drugs and controlled substances not prescribed by a practitioner for legitimate medical purposes. Respondent shall have his physician report in writing to the supervising physician or therapist under paragraph 2.b.(1) all medications prescribed to the Respondent within 3 days of such prescribing.

b. Rehabilitation Program. Respondent shall remain in a rehabilitation program acceptable to the Board for the treatment of chemical abuse and dependency. Such a program shall consist of the following elements and requirements:

(1) Respondent shall continue in a chemical abuse and/or dependency treatment program under the care of a qualified physician or therapist (hereinafter, "supervising physician or therapist"), at an accredited drug and alcohol abuse/dependency treatment facility. Respondent shall obtain from the Pharmacy Examining Board approval of the drug and alcohol abuse/dependency treatment facility and the supervising physician or therapist. The supervising physician or therapist shall be responsible for the Respondent's total assessment and rehabilitation program. Respondent shall immediately provide a copy of this order to his supervising physician or therapist. If deemed appropriate by the Board Advisor to this case, the supervising physician or therapist shall be provided with copies of the Division of Enforcement's investigative materials regarding this matter for review by the supervising physician or therapist in connection with Respondent's chemical dependency evaluation, assessment, rehabilitation and counselling. A full written report of the evaluation and assessment of Respondent shall be provided directly to the Board by the supervising physician or therapist within 30 days of the date of this order. The chemical dependency assessment report shall include:

- (a) An evaluation of Respondent's level of cooperation in the assessment and influence thereof on the assessment's conclusions,
- (b) Diagnosis of Respondent's condition,
- (c) Recommendations for treatment,
- (d) Recommended work restrictions if any, and
- (e) Prognosis for Respondent's success in rehabilitation.

The results of the evaluation and assessment shall be considered in establishing the elements and goals of Respondent's rehabilitation and treatment program, subject to the requirements of this order. Respondent shall participate in and comply with all recommendations for treatment, subject to the requirements of this order.

(2) The rehabilitation program shall include and Respondent shall participate in individual and/or group therapy sessions for the first year of the stayed suspension upon a schedule as recommended by the supervising physician or therapist, but not less than once weekly. Such therapy shall be conducted by the supervising physician or therapist, or another qualified physician or therapist as designated by the supervising physician or therapist and acceptable to the Board. After the first year of stayed suspension, this requirement for therapy sessions may be modified only upon written petition, and a written recommendation by the supervising physician or therapist expressly supporting the modifications sought. A denial of such petition for modification shall not be deemed a denial of the license under sec. 227.01(3) or 227.42, Wis. Stats., or

Ch. RL 1, Wis. Adm. Code, and shall not be subject to any right to further hearing or appeal.

(3) Respondent shall attend Narcotics Anonymous and/or Alcoholic Anonymous meetings or an equivalent program for recovering professionals, upon a frequency as recommended by the supervising physician or therapist, but not less than one meeting per week. Attendance of Respondent at such meetings shall be verified and reported monthly to the supervising physician or therapist.

(4) Respondent's rehabilitation program shall include and Respondent shall participate in a program of random, witnessed collection of urine and/or blood specimens for monitoring for the presence of all controlled substances and alcohol in his blood and/or urine on a frequency of not less than:

- (a) Eight times per month for the first year following the date of this order.
- (b) Six times per month for the second year following the date of this order.
- (c) Four times per month for the third through fifth years following the date of this order.

All urine screens shall include testing and reporting of the specific gravity of the urine specimen.

The random drug and alcohol screening program shall include weekends and holidays for collection of specimens. Failure of the drug and alcohol screening program to be conducted on a random basis shall be deemed a violation of this Order and may result in denial of extension of Stay of Suspension, disapproval of the monitoring facility or program, or other action as deemed appropriate by the Board.

The Respondent shall appear and provide a specimen not later than 5 hours following a request for a specimen.

If the physician or therapist supervising the Respondent's plan of care, Respondent's employer, the Pharmacy Examining Board or the Department of Regulation and Licensing, Division of Enforcement deems that additional blood or urine screens are warranted, Respondent shall submit to such additional screens as requested or recommended. The supervising physician or therapist shall exceed the above stated minimum frequency for obtaining drug and alcohol screens as necessary to prevent ability of Respondent to predict that no further screens will be required for a given period because the minimum frequency for that period has been met.

The Respondent shall be responsible for obtaining a monitoring facility and reporting system acceptable to the Board. Respondent shall immediately provide a copy of this Order to the

monitoring facility conducting the collection of specimen and/or chemical analyses upon specimens for the random witnessed drug and alcohol screening program.

To be an acceptable program, the monitoring facility shall agree to provide random and witnessed gatherings of specimens for analysis for all controlled substances and alcohol. Any specimen that yields a positive result for any controlled substance or alcohol shall be immediately subjected to a gas chromatography-mass spectrometry (hereinafter, "GC-MS") test to confirm the initial positive screen results. The monitoring facility shall agree to immediately file a written report directly with the Pharmacy Examining Board, the supervising physician or therapist, and the Respondent's supervising pharmacist upon any of the following occurrences: if the Respondent fails to appear for collection of a specimen as requested; or if a drug or alcohol screen and confirmatory GC-MS test prove positive; or if the specific gravity of a urine specimen is below 1.008; or if the Respondent refuses to give a specimen for analysis upon a request authorized under the terms of this Order. Respondent shall arrange for quarterly reports from the monitoring facility directly to the Board and to Respondent's supervising physician or therapist providing the dates and results of specimen analyses performed. Such reports shall be due on dates specified in paragraph 1.c. above.

The monitoring facility shall further agree to keep a formal record of the chain of custody of all specimens collected and subjected to analysis. The facility shall further agree to preserve any specimens which yielded positive results for any controlled substance or alcohol, or specific gravity below 1.008, pending further written direction from the Board.

(5) Respondent shall arrange for quarterly reports from his supervising physician or therapist directly to the Board evaluating and reporting:

- (a) A summary of Respondent's progress in his rehabilitation program to date, and all recommendations for continuing rehabilitation treatment,
- (b) Respondent's attendance in NA/AA meetings, and
- (c) Respondent's participation in and results of his random witnessed urine and/or blood screening program.

Such quarterly reports shall be due on the dates specified under paragraph 1.c. of this Order.

(6) Respondent shall arrange for agreement by his supervising physician or therapist to report immediately to the Board any conduct or condition of Respondent that may constitute

a danger to the public in his practice of pharmacy, and any occurrence that constitutes a failure on the part of the Respondent to comply with the requirements of this Order or treatment recommendations by the supervising physician or therapist, including any indications of consumption of alcohol or unauthorized use of any controlled substances, notice of any positive blood and/or urine screen for alcohol or controlled substances, and any urine specimen that is below a specific gravity of 1.008.

c. Practice of Pharmacy: Limitations and Conditions. Any practice of Pharmacy by Respondent during the pendency of this Order shall be subject to the following terms and conditions:

- (1) Respondent shall not practice as a pharmacist in any capacity unless he is in full compliance with the rehabilitation program as specified and approved under this Order.
- (2) Respondent shall not be employed as or work in the capacity of a "managing pharmacist" or "pharmacist in charge" as defined in secs. Phar 1.02(2) and (5), Wis. Adm. Code.
- (3) Respondent shall not be employed in the practice of pharmacy except under continuous, direct, on site supervision of another registered pharmacist, who is in good standing with, acceptable to and approved in advance by the Board.
- (4) Respondent shall not place nor be responsible for the placing of any orders for the purchase of any controlled substances, except as monitored and specifically approved, in writing, by his supervisor and Respondent shall not sign any invoices or receipts for controlled substances.
- (5) Respondent shall provide his employer and any prospective employers with a copy of this Stipulation and Final Decision and Order immediately upon issuance of this Order, and upon any change in employment.
- (6) Respondent shall arrange for his supervising pharmacist to provide directly to the Board quarterly written reports evaluating Respondent's work performance, which shall include reports or information required under subparagraph (7) and (8) hereunder. Such reports shall be due on the dates specified in paragraph 1.c. of this Order.
- (7) Respondent shall obtain agreement from his supervising pharmacist to monitor Respondent's access to and accountability for handling of controlled substances and other abusable prescription drugs in order to reasonably detect loss, diversion, tampering, or discrepancy relating to controlled substances and other abusable prescription drugs. Respondent's supervisor shall include in the quarterly reports a description

of Respondent's access to controlled substances and other abusable drugs and the monitoring thereof. Any loss, diversion, tampering, or discrepancy shall be immediately reported to the Board.

(8) In addition to the foregoing subparagraph (7), Respondent shall obtain from his supervising pharmacist agreement to conduct accountability audits of all schedule II controlled substances monthly for the first six months following the date of this order and then every six months for the duration of this Order. The audit shall be conducted by and certified by a licensed pharmacist other than respondent, who shall be approved by the Board. A summary of all audits required under this subparagraph shall be included in the quarterly report following the audit, however, any discrepancy or missing drugs indicated by the audits shall be immediately reported in writing to the Board.

(9) Respondent shall arrange for agreement by his supervising pharmacist to immediately report to the Board and to the supervising physician or therapist any conduct or condition of Respondent that may constitute a violation of this Order or a danger to the public.

d. Upon request of the Board, the Respondent shall provide the Board with current releases complying with state and federal laws, authorizing release of counseling, treatment and monitoring records, and employment records.

e. The Respondent shall report to the Board any change of Respondent's employment status, residence address or phone number within five (5) days of any such change.

3. Respondent shall pay costs of this investigation under Wis. Stats. section 440.22 in the amount \$207.80 to the Department of Regulation and Licensing, which costs shall be paid upon adoption and issuance of this Order.

4. Respondent shall not own in whole or in part any interest in a pharmacy during the period of time this Order remains in effect.

5. Following successful compliance with and fulfillment of the provisions of paragraph 2. of this Order for a period of two years, the Respondent may petition the Board, in conjunction with an application for extension of the stay of suspension, for modification of the conditions or limitations for stay of suspension. Any such petition shall be accompanied by a written recommendation of the Respondent's supervising physician or therapist expressly supporting the specific modifications sought. A denial of such a petition for modification shall not be deemed a denial of license under sec. 227.01(3), or 227.42, Wis. Stats., or Ch. RL 1, Wis. Adm. Code, and shall not be subject to any right to further hearing or appeal.

6. Respondent shall be responsible for all costs and expenses of complying with this Order and for arranging any alternative means for covering such costs and expenses.

7. The Board in its discretion may conduct unannounced inspections and/or audits, and make copies, of pharmacy records and inventory where Respondent is employed as a pharmacist.

8. Violation of any of the terms of this Order or of any law substantially relating to the practice of pharmacy may result in a summary suspension of the Respondent's license; the denial of an extension of the stay of suspension; the imposition of additional conditions and limitations; or the imposition of other additional discipline, including revocation of license.

9. This Order shall become effective immediately upon issuance by the Pharmacy Examining Board, except for provision 2.a., which is effective the date of signing by Respondent.

SUBJECT: Harry Knutowski, R.Ph.
88 PHM 51

Dear Mr. Ganch:

Currently, Mr. Knutowski is involved in the Elmbrook Memorial Hospital continuing care treatment program. As you are well aware, he was previously involved in the McBride Unit of Milwaukee Psychiatric Hospital and the Elmbrook Memorial Hospital inpatient treatment program. Mr. Knutowski was followed during his time in continuing care by Dr. Herbert White initially, and since 4/15/90 by Dr. Nezih Hasanoglu. During this time we have prescribed no medications. Currently, the respondent has been turning in urine drug screens one time per week and meeting in a continuing care group one time per week. He is seen one time every 3 months for supervision of his recovery program by Dr. Hasanoglu or Patrick Riordan, P.A.

On 9/21, Mr. Knutowski did provide us with a copy of his Order. During his treatment Mr. Knutowski has been cooperative. His diagnosis at this time is alcohol dependence and multiple substance abuse. Our recommendations for treatment are to continue as is. We have no particular work restriction recommendations. We believe that Mr. Knutowski, if he continues with his current treatment regimen, will have a good prognosis for recovery. He is also seeing Thomas Hofmann, M.S.W., in the continuing care group in one-to-one sessions. He is attending Narcotics Anonymous and Alcoholics Anonymous meetings. He has been turning in drug screens one time per week, but because of the current order this will be increased to two times per week to follow the stipulation for the first year. The urine drug screens will be random and witnessed. The quarterly reports that the patient is required to supply will come from Dr. Hasanoglu.

One of Mr. Knutowski's concerns is the possibility that his current employment may not satisfy the order. He has accepted the possibility that he may need to change jobs. We have no particular opinion about this situation since this is something Mr. Knutowski needs to work out with the Pharmacy Board. Currently, Mr. Knutowski is working in a pharmacy and I believe he is the only pharmacist there. Since this clearly does not meet the stipulation order, some kind of discussion needs to occur and we will be willing to meet with you and Mr. Knutowski to facilitate this discussion.

An additional concern Mr. Knutowski has above the stipulation and order, is that some question was raised about his current living situation, i.e. living with 3 other recovering addicts. Since we have not seen the recommendation that he not live with these people, we are uncertain as to the reason for this recommendation. Again, we would be willing to meet with you to discuss this concern of yours.

Sincerely,

Patrick Riordan P.A.-C.

Dear Members of the Board,

My name is David Rockenbaum and I am the owner and immediate supervisor of Harry Koutoukjian & I have been the owner of Cooperative Pharmacy

located at 5701 W. Burnham for 15 years when my husband died and left me the business. During this time I have employed many pharmacists to run the store and I believe Harry's competence as to let as one of the best that have worked here. During the 18 months that Harry has worked here he has filled well over 30,000 prescriptions without one complaint.

Regarding my knowledge of Harry's drug problems, he told me about this matter the first day we talked and I was well aware of his problems before he was hired.

His handling of controlled substances has been monitored in the following way: I have signed nearly all of the DEA forms 222 once he has been working here and the blanks he signed upon my late arrival, he has always shown me for approval.

Harry does not put the substances from the schedule 20 anything irregular would be spotted and there have been no irregularities.

After Harry resigned last fall we have been sending these outdated notices back, so we could still get credit from the suppliers and the cos are under load and busy that I feel.

Harry is also being monitored by my co-planner Dave Sillmanky who also checks over the notices. He and other controller people Harry's present trouble with the customer is very much needed and very much appreciated. If he had to leave I do not know how he could be replaced.

If we were we can work out an arrangement that is best beneficial to you of course, to my needs.

Harry has complied with all the stipulations that have been required of him including some serious group meetings and private consultations. I certainly do not feel Harry at anytime has abused his pharmaceutical privileges and I certainly would not want to lose him.

We are willing to work with the board on any capacity in order to keep Harry running the store in the efficient and competent manner that he has.

Thank you for your consideration,
Sincerely,

Re: Final Decision and Order Adopting Stipulation

Dear Mr. Knutowski:

This letter is to inform you that the Pharmacy Examining Board accepted the stipulation in this matter at its meeting on October 9, 1990. Enclosed, please find a copy of the executed documents.

The board asked that I also inform you that it considered your request that you be permitted to practice pharmacy unsupervised by another pharmacist.

It was the opinion of the board that under the circumstances of your case, including your unfortunate relapse at the end of last year, that the stipulation's requirement of supervised practice should remain in place for at least the first three months of employment under the order.

In other words, after you have practiced for three months under supervision, you may request the board to modify the supervision requirement. At that time the board will seriously consider making such a change in the order, if your request is supported by your employer and treatment counselor.

However, it is the board's opinion that your initial practice under the order should be accompanied by the direct supervision of another pharmacist.

A copy of this letter is being provided to your current employer in order to advise her of the board's determination on this matter.

In conclusion, I want to wish you all the best in the future, for both yourself and your successful practice of pharmacy.

Very truly yours,

An agency may order a rehearing on its own motion within 20 days after service of a final order. This subsection does not apply to s. 17.025 (3) (e). No agency is required to conduct more than one rehearing based on a petition for rehearing filed under this subsection in any contested case.

(2) The filing of a petition for rehearing shall not suspend or delay the effective date of the order, and the order shall take effect on the date fixed by the agency and shall continue in effect unless the petition is granted or until the order is superseded, modified, or set aside as provided by law.

(3) Rehearing will be granted only on the basis of:

(a) Some material error of law.

(b) Some material error of fact.

(c) The discovery of new evidence sufficiently strong to reverse or modify the order, and which could not have been previously discovered by due diligence.

(4) Copies of petitions for rehearing shall be served on all parties of record. Parties may file replies to the petition.

(5) The agency may order a rehearing or enter an order with reference to the petition without a hearing, and shall dispose of the petition within 30 days after it is filed. If the agency does not enter an order disposing of the petition within the 30-day period, the petition shall be deemed to have been denied as of the expiration of the 30-day period.

(6) Upon granting a rehearing, the agency shall set the matter for further proceedings as soon as practicable. Proceedings upon rehearing shall conform as nearly may be to the proceedings in an original hearing except as the agency may otherwise direct. If in the agency's judgment, after such rehearing it appears that the original decision, order or determination is in any respect unlawful or unreasonable, the agency may reverse, change, modify or suspend the same accordingly. Any decision, order or determination made after such rehearing reversing, changing, modifying or suspending the original determination shall have the same force and effect as an original decision, order or determination.

227.52 Judicial review; decisions reviewable. Administrative decisions which adversely affect the substantial interests of any person, whether by action or inaction, whether affirmative or negative in form, are subject to review as provided in this chapter, except for the decisions of the department of revenue other than decisions relating to alcohol beverage permits issued under ch. 125, decisions of the department of employee trust funds, the commissioner of banking, the commissioner of credit unions, the commissioner of savings and loan, the board of state canvassers and those decisions of the department of industry, labor and human relations which are subject to review, prior to any judicial review, by the labor and industry review commission, and except as otherwise provided by law.

227.53 Parties and proceedings for review. (1) Except as otherwise specifically provided by law, any person aggrieved by a decision specified in s. 227.52 shall be entitled to judicial review thereof as provided in this chapter.

(a) Proceedings for review shall be instituted by serving a petition therefor personally or by certified mail upon the agency or one of its officials, and filing the petition in the office of the clerk of the circuit court for the county where the judicial review proceedings are to be held. Unless a rehearing is requested under s. 227.49, petitions for review under this paragraph shall be served and filed within 30 days after the service of the decision of the agency upon all parties under s. 227.48. If a rehearing is requested under s. 227.49, any party desiring judicial review shall serve and file a petition for review within 30 days after service of the order finally

disposing of the application for rehearing, or within 30 days after the final disposition by operation of law of any such application for rehearing. The 30-day period for serving and filing a petition under this paragraph commences on the day after personal service or mailing of the decision by the agency. If the petitioner is a resident, the proceedings shall be held in the circuit court for the county where the petitioner resides, except that if the petitioner is an agency, the proceedings shall be in the circuit court for the county where the respondent resides and except as provided in ss. 77.59 (6) (b), 182.70 (6) and 182.71 (5) (g). The proceedings shall be in the circuit court for Dane county if the petitioner is a nonresident. If all parties stipulate and the court to which the parties desire to transfer the proceedings agrees, the proceedings may be held in the county designated by the parties. If 2 or more petitions for review of the same decision are filed in different counties, the circuit judge for the county in which a petition for review of the decision was first filed shall determine the venue for judicial review of the decision, and shall order transfer or consolidation where appropriate.

(b) The petition shall state the nature of the petitioner's interest, the facts showing that petitioner is a person aggrieved by the decision, and the grounds specified in s. 227.57 upon which petitioner contends that the decision should be reversed or modified. The petition may be amended, by leave of court, though the time for serving the same has expired. The petition shall be entitled in the name of the person serving it as petitioner and the name of the agency whose decision is sought to be reviewed as respondent, except that in petitions for review of decisions of the following agencies, the latter agency specified shall be the named respondent:

1. The tax appeals commission, the department of revenue.

2. The banking review board or the consumer credit review board, the commissioner of banking.

3. The credit union review board, the commissioner of credit unions.

4. The savings and loan review board, the commissioner of savings and loan, except if the petitioner is the commissioner of savings and loan, the prevailing parties before the savings and loan review board shall be the named respondents.

(c) Copies of the petition shall be served, personally or by certified mail, or, when service is timely admitted in writing, by first class mail, not later than 30 days after the institution of the proceeding, upon all parties who appeared before the agency in the proceeding in which the order sought to be reviewed was made.

(d) The agency (except in the case of the tax appeals commission and the banking review board, the consumer credit review board, the credit union review board, and the savings and loan review board) and all parties to the proceeding before it, shall have the right to participate in the proceedings for review. The court may permit other interested persons to intervene. Any person petitioning the court to intervene shall serve a copy of the petition on each party who appeared before the agency and any additional parties to the judicial review at least 5 days prior to the date set for hearing on the petition.

(2) Every person served with the petition for review as provided in this section and who desires to participate in the proceedings for review thereby instituted shall serve upon the petitioner, within 20 days after service of the petition upon such person, a notice of appearance clearly stating the person's position with reference to each material allegation in the petition and to the affirmance, vacation or modification of the order or decision under review. Such notice, other than by the named respondent, shall also be served on the named respondent and the attorney general, and shall be filed, together with proof of required service thereof, with the clerk of the reviewing court within 10 days after such service. Service of all subsequent papers or notices in such proceeding need be made only upon the petitioner and such other persons as have served and filed the notice as provided in this subsection or have been permitted to intervene in said proceeding, as parties thereto, by order of the reviewing court.
